3. Write a review using your notes in activity 2.

First, look at the example:

My favourite film is The Lord of the Rings: The Fellowship of the Ring. It was filmed in 2001. The film was directed by Peter Jackson. It's based on a book by J.R.R. Tolkien.

It's a fantasy story about a search for a ring in a fictional universe called Middle Earth.

The actors were brilliant. Elijah Wood was great as Frodo Baggins. His performance was confident. Viggo Mortensen as Aragorn was a brave character.

The costumes and special effects were great. It was exciting and interesting.

You should watch it!
